Re: Legally required disclosures pertaining to proposed financing of certain items of equipment, software and/or services you anticipate acquiring from **Vendor Name** ("Vendor") through Application Number: XXXXXX

Enclosed is a disclosure schedule entitled "Offer Summary" that is required by state law. It provides you summary financing information in connection with a contract ("Contract") under which you anticipate acquiring certain items of equipment, software and/or services (the "Financed Items") from Vendor. The financing would be provided by GreatAmerica Financial Services (the "Financer"). If the periodic payment amounts to be shown on your Contract would include both: (i) an amount representing the financing payment you will owe the Financer for the Financed Items (the "Financing Payment"), and (ii) a separate amount representing payments owed by you to Vendor for non-financed services and/or supplies provided to you by Vendor on an ongoing basis (the "Pass-through Payment"), then the Offer Summary relates only to the Financing Payments and the Amount Financed with respect thereto, and not to the Pass-through Payments which would not be financed. The "Offer Summary" is not itself an offer of financing. Our provision of financing remains subject to all of our financing conditions.

Please note that you must sign the Offer Summary and return it before your transaction can be finalized.

Please note, if your financing contract requires you to provide property insurance, you can provide such insurance from an insurer of your choice, subject only to the Financer's right to reasonably decline an insurer.

If you have any questions, please feel free to call us at XXX-XXX-XXXX or email us at sampleteam@accountservicing.com.

Sincerely,

GreatAmerica Financial Services
